

Risk Management & Internal Control Associate

First Ally Capital Limited

Experience Level: 3 -6 years

Location: Lagos

About the Role

The Risk Management & Internal Control Associate is to analyze and assess the risk in the organization, design and implement strategies and processes which mitigate threats to the successful delivery of the organization's corporate and business plans, and desired outcomes.

Duties and Responsibilities

- Design and implement an overall risk management process for the organization, which includes an analysis of the financial impact on the company when risks occur.
- Assessing risk by analyzing current risks and identifying potential risks that can affect the organization.
- Evaluating risks by comparing the estimated risk against the given risk criteria with the aim of determining the significance of the risk
- Establishing the level of risk the organization is willing to take and ensure that adequate controls are in place.
- Deliver regular risk analysis reports to Executive Management with actionable plans for avoidance or prevention of possible threats at all levels.
- Creating business continuity plans to limit risks.
- Building risk awareness amongst staff by providing support and training within the organization.
